

PHYSICAL EDUCATION AND SPORT GRANT

Background

In April 2013, the Government announced new funding of £150 million for physical education (PE) and sport, to be used to improve the quality and breadth of PE and sport provision. Funding has been allocated to all maintained and state-funded schools with primary phase pupils from 1 September 2013. A typical primary school received approximately £9,250 annually in the academic years 2013/14 and 2014/15. Funding is continuing for 2015/16.

Schools are free to determine how best to use this funding to improve the quality and breadth of PE and sport provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Our school

In 2015/16 our school received: £8,575

This is how we used the funding:

- Buying into the Derby Schools Sport partnership to provide expert advice and training opportunities for staff
- Employing expert advice to evaluate the school's current strengths and weaknesses in PE and sport, and develop assessment strategies
- For the PE co-ordinator to achieve a qualification: Primary School PE Specialism and Subject Leadership (level 6)
- Half-day INSET for all teaching staff to enable them to trial a system to assess PE
- Providing cover staff to release teachers and support staff for professional development in PE and sport
- Providing places for pupils in lunchtime and after-school sport clubs, employing a local coach for "Playball"; and employing staff and a coach from the partner junior school, in the spring term for football
- Increasing links with the PE teacher in the partner junior school to help improve our PE and sports provision
- Providing transport to enable participation in festivals, "Celebration of Dance", "Mini-Movers" and Fundamentals
- Purchasing additional staff resources
- Purchasing additional PE and sports equipment

“The primary school physical education and sport premium is used effectively. The school works as part of a local sports partnership. This is effective and has had a positive impact by increasing the range of activities provided. There are now more opportunities for the children to take part in competitive sports appropriate to their age.” Ofsted, April 2015.

In 2016/17 our school will receive: £8,575

- Buying into the Derby Schools Sport partnership to provide expert advice and training opportunities for staff
- Employing expert advice to evaluate the school’s current strengths and weaknesses in PE and sport, and continuing with the development of assessment strategies
- Participation in the range of festivals for FS2 and KS1 children throughout the year, including the provision of transport to enable us to access the various venues around the city
- Providing places for pupils in lunchtime and after-school sport clubs, employing a local coach for “Playball”; and employing staff and a coach from the partner junior school, in the spring term for football
